**NOTICE TO PRODUCERS REPRESENTED BY THE AMPTP
IN NEGOTIATIONS FOR THE
2024 AFFILIATED PROPERTY CRAFTSPERSONS, LOCAL 44 AGREEMENT:**

Re: Unexpected Changes in Script or Production Schedule

During the negotiations for the 2024 Affiliated Property Craftspersons, Local 44 Agreement, the parties discussed the challenges that unexpected and last-minute changes to the script or the production schedule pose for members of the crafts covered under the Local 44 Agreement. In particular, the Union noted that additional staffing may be warranted in these circumstances, since unexpected changes leave less time for preparation and compress the time frame in which work must be completed.

Accordingly, should there be an unexpected change to the script or to the schedule, the appropriate department head should consult with the Unit Production Manager to determine whether additional staffing within the Local 44 crafts is warranted. The Unit Production Manager should give good faith consideration to requests for additional staff in these circumstances.

Sincerely,

Carol A. Lombardini
