**NOTICE TO PRODUCERS SIGNATORY TO
THE 2024 LOCAL 52 AGREEMENT:**

Re: Climate Control

During the 2024 negotiations for the Local 52 Majors Agreement and Supplemental Digital Production Agreement, the Union discussed that employees, both on and off production, work under varied conditions, including a wide range of temperatures. The Union raised concerns regarding on and off production employees' receipt of accommodations for heating (when working in a cold environment) and cooling (when working in a hot environment).

Accordingly, this bulletin serves as a reminder that Employers should endeavor to provide those accommodations, which may include air conditioning or heating, fans, shade or heating tents and similar accommodations, when the temperature calls for those arrangements to be made. It is understood that the exact nature of the accommodations may vary depending on the circumstances, such as availability in the location where the work is taking place. It is also worth noting that open stage doors adversely affect the efficiency of heating and cooling systems, and efforts should be made to minimize the amount of time that stage doors are left open.

Sincerely,

Gregory J. Hessinger
